

# Farm Share Application - 2019

## How does it work?

With our Farm Share program, customers pay for their entire season's worth of produce upfront and in exchange receive a far better value for their money during the growing season. Our two types of programs – the Box and Market Shares – both offer unique advantages to consider when deciding which is right for you.

## Options:

**Box Share:** For our approximately 15 week season from June through September, members receive a farmer curated box of in-season produce delivered to their home free of charge (someone must be home to receive the delivery). Deliveries take place on either Tuesdays (5-8pm) or Saturdays (12-4pm). The size and value of the box will vary depending on your share size. We offer \$300 (\$20 per week), \$450 (\$30 per week), and \$600 (\$40 per week) shares with \$450 being the most popular size. Though it may slightly vary by week, boxes generally have a retail value 30% higher than their cost. This means that a box costing \$30 per week is actually worth close to \$40!

**Market Share:** Our other, more flexible option is the market share. Here, customers receive a credit in excess of their initial payment which can be used any time at our farmers market or through a custom delivered order. We offer \$200, \$400, and \$600 market shares, each receiving a 10% credit in addition to its cost. For example, when you purchase a \$400 share (our most popular), you receive \$440 credited to your account.

## Apply:

Full Name: \_\_\_\_\_

Address: \_\_\_\_\_

*Street Address*

*Apartment/Unit #*

*City*

*State*

*ZIP Code*

Phone: \_\_\_\_\_

Email: \_\_\_\_\_

Share Type (circle):

**Box / Market**

Value: \_\_\_\_\_

Delivery Day

(Box Share only):

**Tuesday / Saturday**

*\*Please send this completed application along with cash or check for your share price to:*

**Fairgrown Farm  
32 E Broad St.,  
Hopewell, NJ 08525**
